# **AIRCRAFT MAINTENANCE ENGINEER'S LICENCE LOGBOOK - CAD AUTHORISED ASSESSOR APPLICATION GUIDANCE**

## **General Guidance**

The Aircraft Maintenance Engineer's Logbook is the preferred means of demonstrating compliance with the training and experience requirements for the issue and endorsement of an Aircraft Maintenance Licence. Maintaining this logbook does not eliminate the need to comply with the relevant requirements, which at all times takes precedence, however, the evidence herein should allow an assessment of compliance with the requirements to be made more readily.

## **Completion of the Logbook**

Entries in the logbook are made by three categories of persons.

- **The Engineer** who is the logbook holder.
- **The Validator** being a licensed aircraft maintenance engineer working in a supervisory role and having regular professional contact with the holder of the logbook confirms the entries made by the Engineer.
- **The Assessor** who will either have been authorised by the CAD (application to be made using this form) or, if working within a CAD approved maintenance organisation, has been authorised by that organisation to confirm that the contents of the logbook when submitted to the CAD in support of an application are correct and meets the requirements.

It is the Assessor's responsibility to ensure that the logbook holder has completed a sufficient number of tasks and is competent to:

- Identify the appropriate standards
- Select the correct tools
- Perform the tasks to the required standard without direct supervision and in a timely manner
- Complete the required documentation

## **Section 1 Personal Details**

Please complete details of your employer, specifying the name of the organisation, telephone and fax numbers. This will help in resolving any queries with your application. If your current place of employment is different from your employer's address, please add this location.

## **Section 2 Organisation Details**

This section should contain details of the company you intend working for as an authorised assessor.

## **Section 4 Particulars of Maldivian Licences held or applied for**

If another role or position is held in addition to that declared i.e. Manager/Director please enter the details in this section also

## **Section 5 Work Experience**

This section must state the organisation(s) where the aircraft maintenance experience has been gained and the position(s) held whilst employed for each organisation, during the last 3 years.

## **Section 6 Referee**

This section must be signed by a Senior Licensed Engineer who has known you for the period of experience claimed in Section 5.

## **Section 7 Declaration of Applicant**

This section must be signed as acceptance of the role and responsibilities you will have as an authorised assessor in accordance with document No. 44, Version 3 (The Aircraft Maintenance Engineer's Logbook and Logbook Assessor).

## **Section 8 Submission Instructions**

This completed form should be returned to: Civil Aviation Department, Ministry of Tourism and Civil Aviation. 7th Floor, P.A. Complex, Hilaalee Magu, Male', 20307. A fee is not required for this service.
