B3 - SUBMISSION OF OPERATIONS MANUAL

State when the Manuals will be available for presentation to the MCAA. The minimum period required for initial review of these documents is 60 days. If manuals require amendment following initial review, then 60 days will be required from MCAA final acceptance of the amended manual to AOC issue.

The Manuals will be submitted:

B4 - PROPOSED DATE FOR COMMENCEMENT OF OPERATIONS

The completed application form and the application fee should reach the MCAA at least 90 days before the date on which the Air Operator's Certificate is required to be effective.

The interval between applications and grant or variation of a certificate will depend primarily upon matters within the control of the operator and no undertaking can be given that the MCAA will be able to reach a decision within a particular period. Nevertheless, if after a period of 12 months the application process has not been substantially progressed, MCAA may refuse the application.

The fee cannot be refunded in the event that an application is refused or withdrawn.

References to periods during which an Air Operator's Certificate remains in force and the associated charges are raised shall be deemed to include periods during which the Certificate is suspended.

Proposed date for commencement of Operations:

PART C - DESCRIPTION OF OPERATION

This part of the form requires information on the type of operation the applicant plans to conduct. It could be operating from A to A or A to B and could be carrying passengers only, cargo only or both passengers and cargo. If the operation includes specialised activities (e.g. carriage of vehicles, live animals etc.) details are required. Details of the region where the applicant plans to operate are required for each aircraft type; only a brief description of the area of operation and/or routes is required at this stage. Finally, details of the aircraft to be operated, including type and registrations along with the proposed operating base(s), should be provided.

C1 - DETAILS OF THE OPERATIONS

State whether the aircraft will be used for commercial air transport of passengers and/or cargo. If the proposed operations include specialised activities (e.g. carriage of vehicles, live animals etc.) please give details.

C4. AIRCRAFT MAINTENANCE

In respect of the Operator's Maintenance System, the following documentation will have to be submitted and approved prior to the issue of an approval in accordance with MCAR-M Subpart G. All operators, operating for the purpose of Commercial Air Transport, are required to be approved as a Continuing Airworthiness Management Organisation to MCAR-M, Subpart G.

- a) **The Continued Airworthiness Management Exposition (CAME).** The applicant must provide a CAME prepared in accordance with MCAR-M, Subpart G. The minimum period required for scrutiny is 60 days.
- b) **The Operator's Aeroplane/Helicopter Maintenance Programme(s).** The applicant must provide to the MCAA a copy of the Operator's Aeroplane/Helicopter Maintenance Programme, prepared in accordance with MCAR-M, Subpart C. The MCAA approval is needed to the Maintenance Programme and any subsequent amendment, unless otherwise agreed.
- c) **The Operator's Aeroplane/Helicopter Technical Log.** The applicant must submit the proposed Operator's Aeroplane/Helicopter Technical Log prepared in accordance with MCAR-M, Subpart C. The document must be submitted in draft form for approval prior to being committed to a final print run. The operator's Aeroplane/Helicopter Technical Log and any subsequent amendment must be approved by the MCAA.
- d) Where appropriate, the Maintenance Contract(s)/Agreement(s) between the operator and any MCAR-145 approved Maintenance Organisation(s).
 - (i) Where the operator does not hold his own MCAR-145 approval and therefore requires maintenance accomplishment to be contracted out, a formal contract/agreement must be established between the parties in accordance with MCAR-M, Subpart G. The MCAA will require a copy of the technical specification of such agreements, including any side letters or addenda, but details of the financial aspects of the arrangements may be omitted.
 - (ii) When any line or base maintenance of the operator's aircraft is to be accomplished by contractors appropriately approved under MCAR-145, list all the organisations and give details of the work and locations for which each is responsible. The Operator's Continued Airworthiness Management Exposition will be required to include the procedures to control such arrangements in accordance with MCAR-M, Subpart G when submitted to MCAA for approval.
